Graphics Pipeline Overview - Vulkan Game Engine Tutorial 02

Brendan Galea. *Graphics Pipeline Overview - Vulkan Game Engine Tutorial 02*.
Bedømmelse: Rimelig god video, som forklarer Vulkans pipeline på en måde så selv
jeg kan forstå det (nogenlunde).
URL: https://www.youtube.com/watch?v=_riranMmtvI. (tilgået: 14/02-2025).

Constructs

Google. *Constructs.*
Bedømmelse: God forklaring af hvordan constructors fungere i Flutter, samt hvornår man vil bruge sprog specifikke keywords som *factory*, og spøjse ting som *Redirecting constructors*.
URL: https://dart.dev/language/constructors. (tilgået: 09/04-2025).

Vulkan Tutorial

Alexander Overvoorde. *Vulkan Tutorial.*
Bedømmelse: Skide fed tutorial, som går meget i dybde med, at få lavet noget basalt i Vulkan, hvor man samtidigt bliver præsenteret for diverse ekstra ting til fx debugging. Den kommer bredt omkring hvordan man bl.a. også sætter sit dev. env. op, og sørger også for, at man lære nogle gode kode etiketter til når man sidder med Vulkan.
